

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

D'02,

Commonwealth of Massachusetts.

AUDITOR'S DEPARTMENT, BOSTON, January 14, 1875.

HON. JOHN E. SANFORD, *Speaker of the House of Representatives.*

SIR:—I have the honor to transmit herewith the Twenty-Sixth Annual Report of this Department, for the year ended December 31, 1874.

Very respectfully,

CHAS. ENDICOTT,
Auditor.

Commonwealth of Massachusetts.

AUDITOR'S DEPARTMENT, BOSTON, January 14, 1875.

To the Honorable Senate and House of Representatives.

I have the honor to present the Twenty-Sixth Annual Report of this Department, for the year ended December 31, 1874.

The statutes pertaining to the matter and form of the Auditor's Report, which seem to be essential to a full understanding of the same, are as follows:—

“The annual report of the Auditor shall contain a summary statement of the receipts into and payments from the treasury of the Commonwealth for the preceding year; also a detailed and particular statement of the receipts and expenditures belonging to each year; said detailed statement of expenditures to include, first, the expense incurred during the year for the support of all permanent departments, services and institutions; and, second, all special and exceptional charges, incurred for objects ordered within the year, the account being constructed in such manner as to show the expenditures actually incurred within the year, as far as can be ascertained, whether the same have been paid during the year, or whether the whole or part thereof remain unpaid at the close of the year.

“The Auditor's Report in each year shall show the aggregate amount of funded debt at the beginning and end of the year respectively, the balance of increase or decrease, and a statement of the cause of such balance; and in like manner shall show the aggregate amount of all temporary loans at the beginning and end of the year, the balance of increase or decrease, and a statement of the cause of such balance. The report shall likewise state whether the ordinary expenses of the year have exceeded the income, or the contrary, and show the amount of balance.

"It shall be the duty of the Auditor to include in his report the items of all accounts of expenditures, so far as they may be useful or interesting to the people of the Commonwealth; and in particular, so far as may be practicable, the various heads of expenditure shall be separated, so as to show the different officers or boards under whose directions the several portions of the expenditure have been incurred; all salaries, and other general charges, shall likewise be separated, so as to show the different classes of officers who receive the several portions of the expenditure; and no expenditure exceeding five hundred dollars shall be included under any indefinite head, if it be composed of separate items.

"The Auditor's Report shall annually contain a particular statement of the transactions of the funds belonging to, or held in trust by, the Commonwealth, including new investments of any portion of said funds, which may have been made during the preceding year, and also of the manner in which the moiety of the income of the school fund, applicable to educational purposes, has been disbursed.

"The Auditor shall also include in his report an estimate, for the current year, of the ordinary revenue of the Commonwealth, and of such other means as he may be able to point out, for the defraying of expenditures."

The following Summary Statement shows the entire receipts into and payments from the treasury during the year. For the actual expenditures properly belonging to the year 1874, so far as the same have been ascertained, reference must be had to Statement No. IX.

Total,	\$3,568,983 75
Estimated Expenditures,	\$5,214,550 00
Estimated Revenue,	3,568,983 75
	<hr/>
Deficit,	\$1,645,566 25

These estimates are based upon existing laws, and do not embrace any new grants or expenditures that may be made or authorized by the present legislature; nor have I made any estimate for carrying on the work of constructing the new hospital buildings at Worcester; because, in the appropriations heretofore made for that purpose, it was provided that all payments should be refunded to the revenue from the sales of the old hospital lands. But few sales have yet been effected, so that the payments thus far made have exceeded the cash receipts from sales by the sum of \$334,591.72.

The net receipts from Corporation taxes will not vary much from \$327,000; and, from the National Bank tax, \$211,000.

A tax of two and a quarter millions of dollars will probably be required to meet the expenditures of the year, and provide the treasury with cash sufficient for the demands that will be

made upon it in the early part of the year succeeding, thereby saving the necessity of a resort to the expedient of a temporary loan.

NEW HOSPITAL AT DANVERS.

Six hundred and fifty thousand dollars of the scrip authorized for the erection of the new hospital at Danvers, has been negotiated during the past year, leaving unissued the \$250,000 authorized by chapter 203 of the Acts of 1874. The payments made to January 1st, on this account, amount to \$146,295.05.

NEW STATE PRISON AND REFORMATORY PRISON FOR WOMEN.

None of the scrip authorized for these prisons has yet been negotiated. The expenditures already made on account of the new State prison, for land and expenses of the commission, amount to \$21,374.85.

BOSTON HARBOR IMPROVEMENT.

The authorized loan of \$400,000 (chapter 320, 1872) has been negotiated during the past year, and the amount expended to January 1st, is \$148,826.95.

TROY AND GREENFIELD RAILROAD AND HOOSAC TUNNEL.

The balance of the sterling scrip,—£35,000,—equal to \$169,400, unsold January 1, 1874, has been disposed of; as also the loan of \$300,000 authorized by chapter 365 of the Acts of the year 1874.

By chapter 402 of the Acts of the year 1874, authority was given for the issue of scrip or certificates of debt to an amount not exceeding \$1,500,000, for the purpose of repairing, relocating and completing the construction of the Troy and Greenfield Railroad west of Bardwell's Ferry. None of the scrip thus authorized has yet been negotiated, and the expenditures made by the corporators of the Boston, Hoosac Tunnel and Western Railroad, amounting to \$156,141.33, have been paid from the above-named fund.

REPORT
OF THE
AUDITOR OF ACCOUNTS
OF THE
Commonwealth of Massachusetts,
FOR THE YEAR ENDING
DECEMBER 31, 1875.

BOSTON:
WRIGHT & POTTER, STATE PRINTERS,
79 MILK STREET (CORNER OF FEDERAL).
1876.

Commonwealth of Massachusetts.

AUDITOR'S DEPARTMENT, BOSTON, Jan. 13, 1876.

HON. JOHN D. LONG, *Speaker of the House of Representatives.*

SIR:—I have the honor to transmit herewith the Twenty-Seventh Annual Report of this Department, for the year ended December 31, 1875.

Very respectfully,

CHAS. ENDICOTT,
Auditor.

Commonwealth of Massachusetts.

AUDITOR'S DEPARTMENT, BOSTON, Jan. 13, 1876.

To the Honorable Senate and House of Representatives.

I have the honor to present to the legislature the Twenty-Seventh Annual Report of this Department, for the year ended December 31, 1875.

The statutes prescribing the matter and form of the Auditor's Report, which seem to be essential to a full understanding thereof, are as follows :—

“The annual report of the Auditor shall contain a summary statement of the receipts into and payments from the treasury of the Commonwealth for the preceding year ; also a detailed and particular statement of the receipts and expenditures belonging to each year ; said detailed statement of expenditures to include, first, the expense incurred during the year for the support of all permanent departments, services and institutions ; and, second, all special and exceptional charges incurred for objects ordered within the year, the account being constructed in such manner as to show the expenditures actually incurred within the year, as far as can be ascertained, whether the same have been paid during the year, or whether the whole or part thereof remain unpaid at the close of the year.

“The Auditor's report in each year shall show the aggregate amount of funded debt at the beginning and end of the year respectively, the balance of increase or decrease, and a statement of the cause of such balance ; and in like manner shall show the aggregate amount of all temporary loans at the beginning and end of the year, the balance of increase or decrease, and a statement of the cause of such balance. The report shall likewise state whether the ordinary expenses of the year have exceeded the income, or the contrary, and show the amount of balance.

"It shall be the duty of the Auditor to include in his report the items of all accounts of expenditures, so far as they may be useful or interesting to the people of the Commonwealth; and in particular, so far as may be practicable, the various heads of expenditure shall be separated, so as to show the different officers or boards under whose directions the several portions of the expenditure have been incurred; all salaries, and other general charges, shall likewise be separated, so as to show the different classes of officers who receive the several portions of the expenditure; and no expenditure exceeding five hundred dollars shall be included under any indefinite head, if it be composed of separate items.

"The Auditor's report shall annually contain a particular statement of the transactions of the funds belonging to, or held in trust by, the Commonwealth, including new investments of any portion of said funds, which may have been made during the preceding year, and also of the manner in which the moiety of the income of the school fund, applicable to educational purposes, has been disbursed.

"The Auditor shall also include in his report an estimate, for the current year, of the ordinary revenue of the Commonwealth, and of such other means as he may be able to point out, for the defraying of expenditures."

The following Summary Statement shows the entire receipts into and payments from the treasury during the year.

For the actual expenditures properly belonging to the year 1875, so far as the same have been ascertained, reference must be made to Statement No. IX.

A tax of \$1,800,000 or \$2,000,000, depending somewhat upon the amount of extraordinary grants and expenditures that may be authorized at the present session of the legislature, will be required to meet the expenditures of the year, and leave the treasury at the end of the year with cash sufficient to answer the demands that may be made upon it before the ordinary revenues of the succeeding year shall begin to be realized, and thus save the necessity of resorting immediately to temporary loans.

NEW HOSPITAL AT DANVERS.

The additional loan of \$250,000 authorized for this hospital by chapter 203 of the Acts of 1874 has been negotiated during the past year; making the whole amount authorized and issued \$900,000. Of this amount the sum of \$574,840.39 has been paid from the treasury, leaving unexpended the sum of \$325,159.61.

NEW STATE PRISON AND PRISON FOR WOMEN.

By chapter 391 of the Acts of 1874, a loan of \$1,300,000 for these prisons was authorized. This was made a sterling loan, and was negotiated during the past year. The issue consisted of £267,000, which, at \$4.84, equals \$1,292,280. The aggregate payments upon the state prison amount to \$70,608.91, and upon the women's prison, to \$68,916.33.

TROY AND GREENFIELD RAILROAD AND HOOSAC TUNNEL.

By the Acts of the year 1874, chapter 402, a loan of \$1,500,000 was authorized on this account, and by the Acts of 1875, chapter 220, an additional loan of \$1,300,000 was authorized. The former was issued as a sterling loan, to wit: £309,500, at \$4.84, equal to \$1,497,980, and the latter as a federal loan, all of which was negotiated during the past year.

Cost.
